About IPHI

Impact Paramedical and Health Institute (IPHI) has been very ambitiously established to supply well-educated and highly-skilled paramedical/allied health professionals and staff in almost all disciplines of medical and healthcare sector of India and abroad. Moreover, these essential paramedical professionals and staff are prepared by us for extending perfect and dedicated services at primary, secondary, and tertiary levels of healthcare. Constantly growing healthcare sector of India with a compound annual growth rate [CAGR] of about 15%, imperatively requires a huge number of paramedical and ancillary workforce every year in all streams of medical and at all hierarchic levels, in the government and private sectors. Again, the private segment of the India's healthcare sector is fast expanding and growing to contribute around 80% of the total healthcare services to be delivered in the country by the year 2015.

We at IPHI are committed to impart training of peak standards for the students who would enroll in our courses. All certificate, diploma, and degree courses offered are UGC recognized. With efficient and dedicated support of well-learned, richly-experienced, and well-informed teaching faculties and trainers, IPHI conducts a variety of paramedical programs and courses in a wide range of paramedical areas. These courses fall under the broad categories of certificate courses, diploma courses, bachelor's and master's degree programs, and e-learning courses. These courses are well-designed to meet varying requirements and objectives of different students and medical practitioners. These courses are bolstered by rigorous and in-depth disciplinary trainings, to make our courses maximally prolific and employment-oriented.

Vision

Our main and ultimate vision is to contribute remarkably and perennially to the top-notch and booming healthcare sector of India, through offering impeccable and world-class paramedical education and trainings at all levels to present and future students and medical practitioners.

Mission

- To offer rich and innovative paramedical education and trainings in all paramedical and allied healthcare areas.
- To produce well-informed, well-skilled, and fully accountable paramedical workforce, for facilitating perfect, efficient, and dedicated support/ health services by them.
- To make education and training in diverse paramedical fields, a pleasant and elevating experience.
- To offer necessary advice and guidance to our successful students [after completion of the desired courses] for building a rich and fast-paced career in the concerned fields, along with instilling in them the spirit of discipline and noble professionalism.
- To inculcate in them leadership traits to forge ahead in their respective paramedical fields.
